

FIG. 1

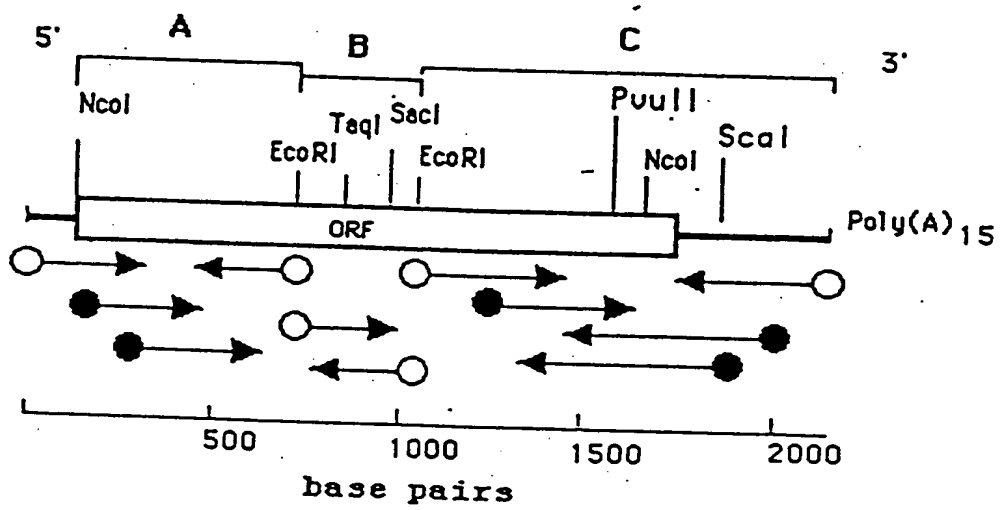

FIG. 2

E P B X kb

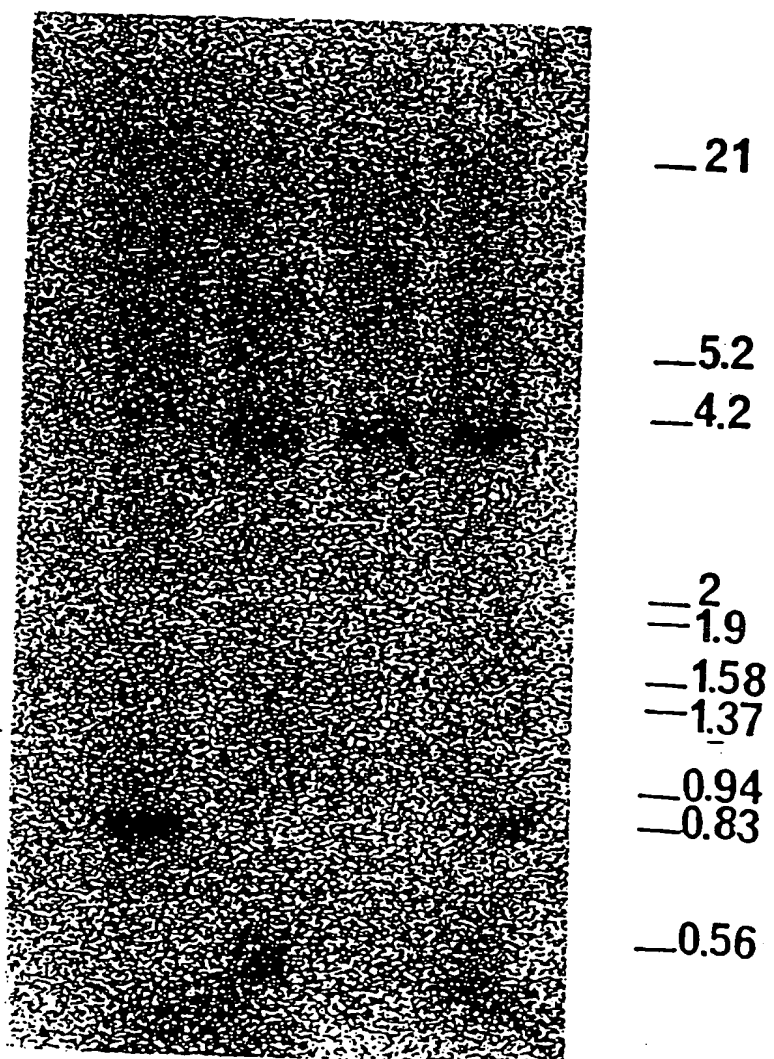

Figure 1: Schematic representation of the 12 experimental conditions. The figure shows 12 small diagrams arranged in a 4x3 grid. Each diagram represents a different experimental condition for the 'Number of trials' (1, 2, 4, 8) and 'Number of groups' (1, 2, 4). The diagrams show the layout of the experimental setup, including the number of trials and the number of groups.
